Construction of a New Police Station at Cleveland Town.

Secretary's note in File 410/28.

I note below for the Resident's approval what I ---- gathered from the discussion to be the reasons that determined him in his selection of new works.

x x x x

The first item struck out was that for a new Police Station at Cleveland Town. Money has been allotted for this project in the current year's budget and as there are 6 months of the year yet to run it is too early to take for granted that the work cannot be got through this year. The suggestion in the P.U.C that this year's allotment for Cleveland Town Police Station should be used for one at Ulsoor was unacceptable in the absence of any justification for the latter proposal.

Issued No. 10177, dated the 31st October, 1928.

Endorsement No. 10177, dated 31st October, 1928, from the Commissioner of Police, Civil and Military Station, Bangalore.

The estimate submitted by the Municipal Executive Engineer for the construction of a new Cleveland Town Police Station amounts to Rs. 8,945/-, to which a sum of Rs. 5,750/- should be added being the cost of acquisition of land. Therefore the total amount required is ---------

Rs. 14,695/-. A sum of Rs. 10,100/- has been provided in the current year's Assigned Tract budget. The ------ balance viz. Rs. 4595/- should be met by reappropriation. A circular letter has been sent to all officers in the Station to surrender savings in the current year's Assigned Tract budget by the 20th November 1928. The P.U.O. may await the receipt of their replies.

The Municipal Executive Engineer applies for an ---- additional grant of Rs. 8,100/- on account of constructing a Police Station at Cleveland Town. This is an incomplete work for 1928-29, for which no provision has been made in the budget estimates for 1929-30. The Commissioner of ---- Police, Civil and Military Station, Bangalore may perhaps be asked whether he anticipates any savings in the current year's Police budget. Draft submitted for approval.

The financial system ,or lack of it, of the C and M Station is beyond me.

If a work is still in progress from one year to another,why is provision not made in the second year ? In all ordinary cases,of which presumably this is one, it shd be possible to foresee requirements.

Then,if funds are required for a work in progress, why are numerous other proposals sent up for sanction?

The E.E. asks for an additional allotment of Rs 8,100 to be given under minor works. Where does he suppose that the additional allotment is coming from ?

Who is specifically responsible for drawing up the Police Works Budget and for working it? Is it the P.W.D. or is it the Commr of Police.

As far as I have been able to gather in the last few months,proposals for expenditure continue to be sent in by all Departments and to be put up by Office for sanction without any reference to funds available. For example this present case - Rs8,100 are wanted for a work in progress,of which we apparently know nothing, and yet other minor works to the extent of Rs4,218 have been sanctioned,or sent up for sanction. Incidentally the grant for minor works is only Rs2,250,so that we shd have already pointed out long ago to the Police Dept. that the grant had been exceeded and that no further expenditure could be considered.

Pl. go thoroughly into this matter.

Regr. 21.8.29

B.C.

The Municipal Executive Engineer is primarily responsible for drawing up the Police Works budget and for working it.

Sufficient

Sufficient provision was not made by him in the budget estimates for 1929-30 for the following two incomplete works:-

(1) Construction of Cleveland Town Police Station...	7,737
(2) Constructing an Isolation Hospital on old Madras Road. (33,147-10000 being the amount provided in the budget estimates)	23,147
	30,884

In April last he submitted a list of incomplete works for 1928-29 for favour of sanction, stating that the amount required for the purpose could be met from the provision in the budget for 1929-30. In Memorandum No. 4958/102-29, dated the 8th June, 1929, sanction was accorded to meeting expenditure on incomplete works out of the allotments in the current year's Assigned Tract budget estimates. At the same time the Executive Engineer was asked to apply for additional grants, if later in the year an extra grant appeared essential. He therefore now applies for an additional grant of Rs. 8,100/- under "A.5-Police Works".

The additional grants required for Cleveland Town Polic Station and Isolation Hospital can be met partly with the approval of the Government of India from savings of Rs. 11,500/- anticipated under "Construction of quarters for the Collector" and partly from savings under "Police" and "Medical" budget estimates. It is therefore proposed in the draft submitted below, to ask the Commissioner of Police to state what savings are anticipated in the police budget.

According to the register maintained in this office, the total estimates sanctioned up to date amount to ---------- Rs. 3725-10-8. Three or four estimates submitted to the Secretary have not yet been included in the register. From the register submitted below, it will be seen that all works so far sanctioned are petty works and repairs which cannot possibly be postponed. The allotment under "Account I-Police-A.5-Works" is given below:-

1929-30

	1929-30 Rs.
(1) Minor Works, including departmental charges	2,250
(2) Repairs to police buildings ...	8,800
(3) Maintenance of electric lights...	440
(4) Maintenance of water supply ...	770
For rounding	40
	12,300
Deduct:- Estimates already sanctioned or will be sanctioned	4,218
Balance available	8,082

At the request of the Commissioner of Police, the Secretary sanctioned the transfer of Rs. 2,000/- from ---- "Repairs" to "Minor Works". In the circumstances, the draft letter already submitted to the Commissioner of Police may now issue?

Issue the draft with para. added to it.

2. When we are compiling this year the 1930-31 budget we must make certain the the P.W.D. make provision for works in progress. I think that I am right in saying that delay in obtaining acquisition of the site was the cause of the trouble in the case of the Police Station and difficulty over the contractor in the case of the Isolation Hospital. But the P.W.D. shd have been able to give us longer notice and in any case shd have made proposals for a summary reduction elsewhere . However, we must make searching enquiries when framing the next budget.

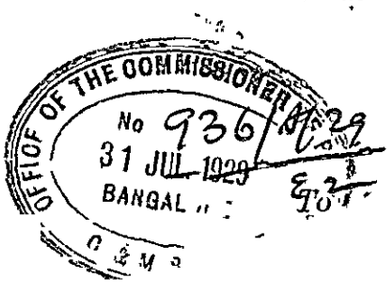
No. Gw.m 299 Encls

CIVIL AND MILITARY STATION, BANGALORE,
EXECUTIVE ENGINEER'S OFFICE,
Dated 31st July 1929.

From

J. W. EDWIN, Esq., A.M.I.S.E.,
Offg. Municipal Executive Engineer,
CIVIL & MILITARY STATION, BANGALORE.



The Secretary,

to the Hon'ble the Resident in Mysore,

BANGALORE.

Through: The Commissioner of Police.

SIR,

I have the honour to forward herewith a deviation statement for the work of constructing a Police Station in Cleveland Town, with a revised estimate for constructing a compound wall to the building for favour of your sanction and return.

The cost of the work as per statement now sent up is Rs.9294/- against the original estimate for Rs.8945/- sanctioned in your No.11163 dated 4th December 1928. The amount required for expenditure during this year for completing this work is Rs.8086/- after deducting the sum of Rs.1208/- spent during 1928-29. Sanction for an expenditure of Rs.7737/- for this work has already been accorded in your No.4958/102-1929 dated 8th June 1929..

I request that the full grant of Rs.8086/- or Rs.8100/- required for this work may be allotted under "A/c I Police Works" for the current year along with the sanction to the deviation statement for the following reasons:-

The present grant under minor works is Rs.2250/- and under repairs is Rs.8800/- or Rs.11050/- in all; against this, estimates to the value of Rs.4218/- have already been sent up for sanction. There are some more estimates for minor work to be prepared; and annual repairs to the Police

P.T.O.

buildings will have to be carried out. So the grant available will only suffice for new minor works and repairs estimated during the year and will not be sufficient to meet the cost of incomplete works of last year.

I therefore request that an additional allotment of Rs.8100/- may be given under Minor works as suggested above for carrying out the incomplete works.

I have the honour to be,

Sir,

Your most obedient servant,

Offg. EXECUTIVE ENGINEER.

No. 7404 Enc. 1
512/1928.

From

Major G. Loch,
SECRETARY to the RESIDENT in MYSORE.

To

The Commissioner of Police,
Civil & Military Station
Bangalore.

Dated Bangalore, 29th August, *192* 9.

Subject.

Constructing a Police Station at Cleveland Town.

Sir,

I am directed to refer to your endorsement No.936/A 29, dated the 1st August, 1929, and to request that the enclosed statement showing savings anticipated under the several detailed heads under "Account I - Police" in the current year's Assigned Tract budget estimates, may kindly be filled in and returned to this Residency at an early date through the Pay and Accounts Officer, Bangalore.

2. The Government of India have recently drawn attention to the financial stringency that prevails and have made it clear that very strong reasons will have to be adduced before sanction is given to the provision of funds for any object, the cost of which cannot be met by re-appropriation. In the circumstances, it seems necessary to consider whether carrying out some of the minor works for which sanction has been accorded cannot be postponed.

I have the honour to be,
Sir,
Your most obedient servant,

Major.
SECRETARY TO THE RESIDENT.
